Wi-Fi Here.

McDonald's Special Venue Location Wi-Fi Service Order Form

Use this order form to request the installation of Wi-Fi service into a special venue McDonald's restaurant. McDonald's requires that special venue locations get legal clearance approval before installing Wi-Fi. Special venue locations include: Walmarts, toll plazas, malls, military bases, airports, stadiums, colleges, hospitals, museums, zoos, casinos, businesses and industry buildings.

Note: *Freestanding McDonald's locations where the building and land is owned or leased by McDonald's receive Public/Private Wi-Fi by default and do not require this form for Wi-Fi service.*

Installing Wi-Fi service entails the installation of one or more Wireless Access Points (WAP) in such a way as to provide Wi-Fi coverage to the McDonald's indoor seating area. The WAP is generally installed in the seating area above the drop ceiling. A cable that provides both power and data is run from the WAP to AT&T Wi-Fi equipment in the back office area. There is no interruption to connectivity during the installation.

Pricing Information – Special Venue Location Wi-Fi Service

The installation charge depends upon when this order form is received in relation to the installation status of other AT&T Wi-Fi equipment at each restaurant. Please refer the table below for the charges associated the installation of Wi-Fi service. Charges are 20% higher in Alaska and Hawaii.

New Install Charge	Retrofit Install Charge
Installation where AT&T Wi-Fi equipment is ***not*** already installed so the Wi-Fi service can be installed on the same tech visit as the other AT&T Wi-Fi equipment.	Installation where AT&T Wi-Fi equipment is already installed and a separate tech visit is necessary to install Wi-Fi service.
$440.00* per Restaurant	**$690.00 per Restaurant**

**$440 will be added to the normal installation charge.*

Special Venue Location Wi-Fi Service Types

There are two options for the type of Wi-Fi service that can be installed. Each is described below. The type of Wi-Fi service installed should be determined in the legal clearance review process and needs to be indicated on the Store Information table on page 2.

Option 1: New Install Charge	Option 2. Private Wi-Fi Only Service
Wi-Fi internet access will be broadcast and publicly accessible to McDonald's employees and guests. It is also available to private McDonald's applications. This is the desirable and most common configuration.	Wi-Fi internet access is not broadcast and therefore not publicly accessible because of restrictions from the land/building owner or lease. Wi-Fi will generally only be available to private McDonald's applications.

McDonald's Special Venue Location Wi-Fi Service Order Form *(continued)*

Ordering Instructions

Please follow the steps below to request the installation of Wi-Fi service in one or more McDonald's special venue locations.

Step 1 Obtain the legal clearance necessary for installing either Public/Private Wi-Fi OR Private Wi-Fi only at each location desired. This is done by submitting a legal clearance request to the Legal Department.

Step 2 Enter the National Store Number for the special venue location(s) to install Wi-Fi service.

Step 3 Select which type of Wi-Fi to install based on what was approved during the legal clearance process. Only one option can be selected per restaurant.

Step 4 Indicate that you have obtained Wi-Fi Clearance for the type of Wi-Fi service selected for each location.

Step 5 Sign and fax all pages of this form to 512-519-6453 or email them to: *aws-orders@att.com*

National Store Number	Type of Wi-Fi to Install (mark one)	Declaration of Obtaining Wi-Fi Clearance
	❑ Option 1: Public/Private Wi-Fi **OR** ❑ Option 2: Private Wi-Fi Only	❑ I have obtained legal clearance from the Legal Department to install the Type of Wi-Fi I have selected
	❑ Option 1: Public/Private Wi-Fi **OR** ❑ Option 2: Private Wi-Fi Only	❑ I have obtained legal clearance from the Legal Department to install the Type of Wi-Fi I have selected
	❑ Option 1: Public/Private Wi-Fi **OR** ❑ Option 2: Private Wi-Fi Only	❑ I have obtained legal clearance from the Legal Department to install the Type of Wi-Fi I have selected

Additional Terms

I agree to pay AT&T Wi-Fi the charges for installing Wi-Fi service into the locations I have indicated above. The charges do not include applicable taxes, regulatory fees and surcharges. By signing this form, I am agreeing to the legal terms at: *https://sof.wayport.net/McDonalds/SOF/LegalTerms.htm*

If building or work area access is denied to the installation technician which results in an additional installation trip, I agree that an additional installation and trip fee of $250.00 will apply.
